RDRS Incident Report #1

Band: Critical Score: 90

Created: 2026-09-29T14:12:59.994535+00:00
Suspect process: System Idle Process (pid 0)
Response mode: Simulation

Affected files (59)

#	Path
1	C:\Users\keval\OneDrive\Documents\ChatGPT\Internship_1_PROJECT_1\rdrs\data\sandbox\file_0.locked

Recommendations

- Isolate the host from the network until the suspect process has been investigated.
- Preserve the quarantined evidence copies for forensic analysis.
- Check affected files against known-good backups before any recovery.
- Review whether the suspect process should be added to the known-programs allow-list.
